

E. When archeological sites included in the National Register or which meet the Criteria are found to exist on the project site or in the area of the project's environmental impact, and where the project is likely to disturb such resources, and where the adverse effect of such disturbance cannot be negated by archeological salvage, a determination of "Adverse Effect" is appropriate in accordance with § 801.3(a)(2)(iii).

§ 805.1 Background.

(a) The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*) establishes national policies and goals for the protection of the environment. Section 102(2) of NEPA contains certain procedural requirements directed toward the attainment of such goals. In particular, all Federal agencies are required to give appropriate consideration to the environmental effects of their proposed actions in their decisionmaking and to prepare detailed environmental statements on recommendations or reports on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment.

(b) Executive Order 11991 of May 24, 1977, directed the Council on Environmental Quality (CEQ) to issue regulations to implement the procedural provisions of NEPA. Accordingly, CEQ issued final NEPA regulations (40 CFR parts 1500-1508) on November 29, 1978, which are binding on all Federal agen-

cies as of July 30, 1979. These regulations provide that each Federal agency shall as necessary adopt implementing procedures to supplement the regulations. Section 1507.3(b) of the NEPA regulations identifies those sections of the regulations which must be addressed in agency procedures.

§ 805.2 Purpose.

The purpose of this part is to establish Council procedures that supplement the NEPA regulations and provide for the implementation of those provisions identified in § 1507.3(b) of the regulations (40 CFR 1507.3(b)).

§ 805.3 Applicability.

(a) These procedures apply to actions of the full Council and the Council staff acting on behalf of the full Council.

(b) The following actions are covered by these procedures:

(1) Recommendations for legislation.

(2) Regulations implementing section 106 of the National Historic Preservation Act (NHPA).

(3) Procedures implementing other authorities.

(4) Policy recommendations that do not require implementation by another Federal agency.

(c) In accordance with § 1508.4 of the NEPA regulations (40 CFR 1508.4), Council comments on Federal, federally assisted and federally licensed undertakings provided pursuant to section 106 of the NHPA and 36 CFR part 800 are categorically excluded from these procedures. This exclusion is justified because Federal agencies seeking the Council's comments under section 106 have the responsibility for complying with NEPA on the action they propose. The Council's role is advisory and its comments are to be considered in the agency decisionmaking process. Coordination between the section 106 and the NEPA processes is set forth in 36 CFR 800.9.

§ 805.4 Ensuring environmental documents are actually considered in Council decisionmaking.

(a) Section 1505.1 of the NEPA regulations (40 CFR 1505.1) contains requirements to ensure adequate consideration of environmental documents in
